Complete Portfolio of past and ongoing projects in the period 2013-2023.

*Version of **January 2024***

CESO is an international development consultancy with over **40 years of experience** providing technical assistance services in the areas of economic, social, and organizational development, mainly in international markets.

CESO has implemented more than **500 contracts** for clients such as the **European Commission, the World Bank, the African Development Bank, National Governments**, among others. CESO's professionalism, quality, and efficiency, recognised by our clients, have consolidated us as a leading company in the international development consulting market.

Structure

CESO's core team consists of **30 professionals** with a wide experience in management, monitoring and evaluation of technical assistance projects in the company's different areas of specialisation, which provide quality coordination and technical backstopping to the teams of experts in the field.

Apart from the Lisbon Head Office, **CESO** has an associated company in Angola and Mozambique.

Additionally, **CESO** has a **wide network of over 10,000 international consultants**, including experts from universities, research centres, public administration, private companies and independent consultants. This database enables **CESO** to **quickly allocate experts** in the different fields of intervention required by the projects' beneficiaries or funding institutions.

International Experience

Most of these projects have been awarded through international **competitive bidding processes** supported by major development and cooperation agencies, such as the World Bank, the European Commission, the African Development Bank, the Inter-American Development Bank, the United Nations Development Programme, and different UN agencies, as well as bilateral development agencies and governments of several countries.

Through the implementation of all its projects, CESO has built an image of **professionalism, quality, and efficiency**, which is recognised by beneficiaries and international and bilateral financing institutions.

CESO has developed and implemented more than **500 international development consultancy services** and technical assistance to governments and public or private institutions in **116 countries on 4 continents**.

Quality Control System

CESO's quality management system is certified by *Bureau Veritas*, in accordance with the standard NP EN ISO 9001:2015. Hence, all our acquisition processes, project administration and management are scrutinised, analysed, and optimised to ensure the quality of our services.

Areas of Specialisation

CESO focuses its activities on seven main areas of intervention, enabling us to respond to complex and multi-sectorial projects.

Partnerships & Financing for Development

Definition and Implementation of Strategic Partnerships and Management of Development Financing

Macro Economy, Statistics & Public Finance Management

Forecasting and Economic Planning, Public Investment, National Statistical Systems, PEFA Evaluation

Trade & Private Sector

Regional Economic Integration, International Trade Facilitation, SME Development, Industrialization Policies

Social Affairs

Educational and Vocational Training, Employability, Social Policies, Health Planning, Culture

Public Sector & Governance

Modernization of Public Administration, Decentralization and Local Development, Civil Society and Democratization

Rural Development

Agriculture and Agribusiness, Food Security, Land Management

Transport, Energy & Environment

Transport Infrastructure, Natural Resources Management, Environmental Management, Energy, Water and Sanitation, Climate Change

Types of Services

In each of the above areas of intervention, CESO provides four key types of services:

TYPES OF SERVICES	DESCRIPTION
ADVICE AND STUDIES	Support services for the design of strategies; identification and design of plans/programmes, projects, and policies; feasibility studies; baseline studies; technical studies to support political decision-making.
INSTITUTIONAL STRENGTHENING / CAPACITY BUILDING	Technical assistance and support to institutions aiming at improving its organisation and efficiency; implementation and management of strategies, policies, plans, programmes, and projects.
MONITORING AND EVALUATION	Design and implementation of monitoring and evaluation systems for strategies, policies, plans, programmes, and projects.
TRAINING	Services focused on the individual's capacity building, including curriculum design, preparation of training materials, course delivery, use of teaching methodologies, and training for trainers.

Our Approach

CESO believes each client has a specific need. Our task is to understand every new challenge and provide adequate solutions in a dynamic, integrated, and inclusive way.

To achieve this, we have established the “SKIEs methodology” as our approach to consultancy services. This means that in all phases of our business operation - from business development to technical implementation and research & development - we bring together the following elements:

- **Skills** - Allocate highly competent experts with a vast experience.
- **Knowledge** - Access to specific technical know-how for each project’s area / sector to deliver high quality technical results.
- **Information** - Access to information about the market to positively influence the outcome.
- **Energy** - Capacity to mobilise adequate financial and time resources consistent with the size and needs of the challenge ahead.
- **Experience** - Continuously generate new knowledge and information from each project to support future opportunities.

Local Presence in Angola and Mozambique

The success of our activities is also a result of our local presence and incorporation of relevant knowledge and technical capacity into each new project.

CESO CI Moçambique, established in 2000, is a Mozambican independent private company focused on the provision of Technical Assistance services in various areas of development, especially in the areas of strategies for Economic and Social Development and Institutional Strengthening in Mozambique. This business project aims to assert itself as a factor of development in the country, namely by valuing human resources and improving the overall productivity of public and private institutions.

CODANG XXI – Consulting for Development, is an Angolan company, dedicated to the provision of consultancy services in the domain of development, at national and local levels. CODANG XXI’s mission is to contribute to the sustainable development of Angola, in its human, economic, social and environmental dimensions, valuing and empowering people, institutions and companies, aiming at the location in Angola of Strategic Decision Centers and the expansion and qualification of the National Human Capital.

CESO CI Mozambique and CODANG XXI benefit from the transfer of knowledge and know-how acquired by CESO CI International in Southern Africa, particular in Angola and Mozambique, where it has been developing work for nearly three decades.

Further from these two companies, CESO has a **wide network of partners** which whom we develop our joint activity covering more than 20 countries, including Guinea-Bissau, Brazil, Palestine, Jordan, Uganda, Kenya, Tanzania and Rwanda, among others.

Work with the European Commission under the Framework Contracts

The European Commission (EC) is one of CESO's major clients. Since 2000, CESO has regularly provided consultancy services to the EC under the Operational Framework Contracts for Services (EC FWC) in several countries and domains and **will continue to do so under SEA 2023**.

For the **period 2018-2023**, CESO integrated different consortia for the Multiple Framework Contract of

Services for the Implementation of External Aid 2018-2022 (**FWC SIEA 2018**) and worked in the following fields:

- **Lot 1:** Sustainable Management of Natural Resources and Resilience
- **Lot 2:** Infrastructure, Sustainable Growth and Jobs
- **Lot 3:** Human Rights, Democracy and Peace
- **Lot 4:** Human Development and Safety Net
- **Lot 5:** Budget Support
- **Lot 6:** Innovative Financing for Development

In the past, CESO joined five other Framework Contracts:

- For the years 2013-2017, Multiple Framework contract to Recruit Short-Term Services in the Exclusive Benefit of Third Countries Benefiting from European Commission External Aid (**BENEF 2013**);
- Multiple Framework contract to recruit short-term services in the exclusive benefit of third countries benefiting from European Commission External aid 2009-2013 (**BENEF 2009**);
- Multiple Framework contract to recruit short-term services in the exclusive benefit of third countries benefiting from European Commission External aid 2005-2009 (**BENEF 2005**);
- European Commission Framework Contract for Services (**COM 2004**);
- European Commission Framework Contract (**AMS-451**).

This has contributed to consolidate CESO's expertise in diverse fields, namely Rural Development and Food Security; Governance and Home Affairs; Health; Culture, Education, Employment and Social Affairs; Trade, Standards and Private Sector; Macroeconomic Statistics and Public Finance Management.
